# SHUBHSHREE BIOFUELS ENERGY LIMITED

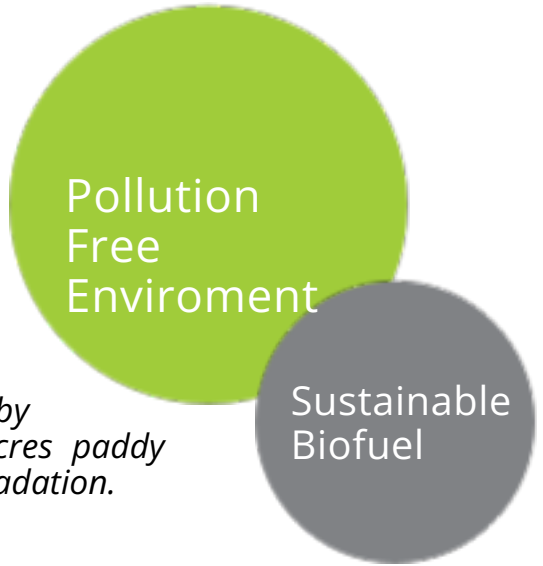

SHUBHSHREE BIOFUELS ENERGY LIMITED, are all geared to put in place, a mutually reinforcing eco- system: bringing a balance to the demand and supply of the ever growing industry needs, by promoting & nurturing a sustainable and green bio-mass fuel, which has an inclusive supply of raw materials.

Over the years, we have built a deep understanding of the specific needs of the sector, winning some notable clients along the way. Our prominent presence in the sector includes preferred supplier status with of our wide customer based.

Today, on our journey of transformation, we work towards our goal of becoming one of the leading Biomass sustainable energy solutions provider to power plants, process boilers and furnaces of industrial units spanning multiple business sector across Indian industries

## VISION

*Reducing the alarming stuble parali pollution caused by setting afire thousands of acres paddy field leading to severe air degradation.*

## MISSION

*Creating a sustainable Biofuel, made up of residual waste materials high quality alternative energy sources to prevent the irrevocable vanishing fossil fuel*

## SHUBHSHREE BIOFUELS ENERGY LIMITED

*Delivers cost efficient yet sustainable biomass fuel for the Indian industries, by harnessing country's indigenous & natural resources, and helping make the environment, pollution free.*

**SOCIAL  
IMPACT**

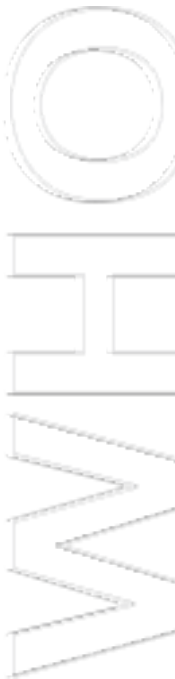

*Job Creation  
& Employment*

*Additional Rural Sector  
Revenue Source  
Employment*

ABOUT US

SHUBHSHREE BIOFUELS ENERGY LIMITED is a biomass briquettes & pellets manufacturing & supplying company with over 10year of rich experience.

Specializing in sourcing bio-waste and converting them into valuable and sustainable assured qualitative energy source briquettes & pellets. Our purpose is driven by unlocking the true potential of our agricultural waste resources and creating value for the societies and communities to which it belongs.

OUR JOURNEY

# WHAT IS BIOMASS BRIQUETTING & PELLETING?

An eco-friendly process to convert agriculture, forestry and industrial waste into solid blocks of bio-fuel. Briquettes & Pellet are small sized cylindrical shaped solids. These are made by compressing Mustard waste, ground nut waste, rice husk, paddy straw, saw dust, sugarcane waste and other agricultural waste, without using any chemicals or adhesives.

Briquettes & Pellets gives very high gross Calorific Value (GCV), varying from 3000 GCV to 4800(GCV) Production plants at Shubhshree Biofuels Energy Limited converts these into high yielding Briquettes & Pellets. These are then delivered across states to our end-users; Biofuel Process Boilers and Furnaces, with our Dedicated transportation.

## LONGER BURNING DURATION

compressed briquettes burn for a lot longer

## CONCENTRATED FORM OF ENERGY

use of compressed Combustible Material

## HIGHER AND EFFICIENT HEATING

Intense heat, Higher Calorific Value 3k-5k

## LESS SMOKE OR LITTLE FLY ASH

Low smoke, soot toxic gases or carbon deposit

## RAW MATERIAL SOURCE

Availabile in Abundance

## SUSTAINABLE RAW MATERIAL

Organic & Recyclable bio-mass as raw material

# BRIQUETTES

**MUSTARD BRIQUETTES**

Size 70mm/90mm  
GCV 3300 - 3800 | Ash 8 -10%  
Moisture 5 - 10%

**SAWDUST BRIQUETTES**

Size 70mm/90mm  
GCV 3800 - 4200 | Ash 6 -10%  
Moisture 5 - 10%

**GROUNDNUT BRIQUETTES**

Size 70mm/90mm  
GCV 3300 - 3800 | Ash 4 - 8%  
Moisture 5 - 10%

Testing and  
Quality Checking

# PELLETS

**MUSTARD PELLETS**

Size 8mm/25mm  
GCV 3300 - 3500 | Ash 8 - 10%  
Moisture 5 - 10%

**SAWDUST PELLETS**

Size 6mm  
GCV 4000 - 4200 | Ash 3%  
Moisture 5 - 10%

**GROUNDNUT PELLETS**

Size 8mm/10mm  
GCV 3800 - 4200 | Ash 4 - 8%  
Moisture 5 - 10%

04  
Manufacturing  
Briquettes  
& Pellets

05

Inhouse Testing  
of all finished  
good pre-  
despatch

06

Off all finished  
good per-dispatch

## OUR INFRASTRUCTURE

---

Our briquettes & pellets have a higher bulk density and lower moisture content compared to conventional biomass, allowing for significant smoke reduction during ignition and longer burning times, making fuel last longer and Cost defective for our customers at the same time.

[ 1000+ FARMERS  
Involved in Utilizing Their  
agricultural waste ]

We boast our advanced Infrastructure and processes. Our units are well furnished with latest technologies, machinery, accessories that undergo periodic upgrades & maintenance.

Departments headed & managed by skilled professionals, sufficient raw material storage stockyard, a strong sourcing network for a continuous flow of raw material to run the machine economically, all this backed by a dedicated fleet of delivery logistics is the key that allow us to produce superior grade products, offer competitive rates and deliver on-time, every-time.

Advanced  
Infrastructure

Skilled  
Manpower

[ 50,000+ TONNES  
of briquettes & pellets supplied  
to customers till date ]

FEW OF OUR CLIENTS

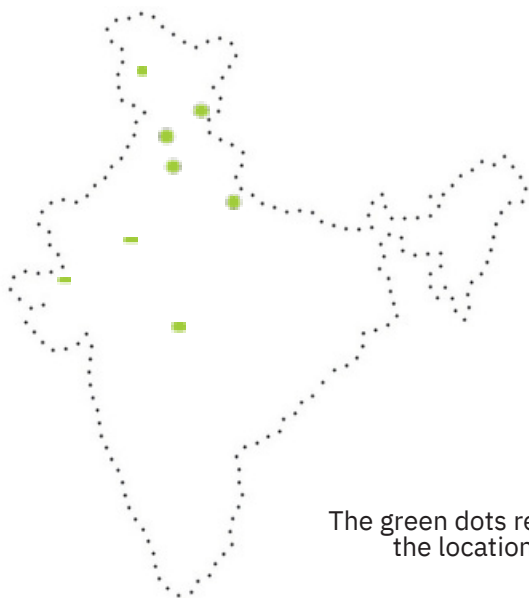

WHO WE CATER

## OUR REACH SO FAR

Are positioned well in all industrial hubs across north India, in order to deliver customers with right materials, day-to-day support & services, assuring prompt attention & responses to customer needs & demands

DELHI . HIMACHAL PRADESH  
HARYANA . JAMMU  
MADHYA PRADESH. PUNJAB  
RAJASTHAN . UTTAR PRADESH

The green dots represent the locations where

SHUBHSHREE BIOFUELS ENERGY LIMITED is already supplying

## UPCOMING PROJECTS

BIOMASS PELLETS TORREFIED PLANT WITH  
MINIMUM 200 TONES PER DAY CAPACITY

# 01

# 02

100 TONES OF BIOMASS BRIQUETTES & PELLETS PRODUCED FROM  
PADDY RESIDUE. TO REDUCE THE POLLUTION IN NORTH INDIA

6MM PELLETS FOR COMMERCIAL USE (BURNER FUEL) PLANT WITH  
MINIMUM 50 TONES PER DAYS CAPACITY

# 03
